Hi Jesse,

I'll ask Andrea if she has any ideas as to how to re-create the AR for OU1. Please remind me why we need the AR at this point—I recall that there was community interest before the Holidays.

I'll call the records center and see if they can help me un-tangle the SEMS problem. I've tried multiple times now.

Hello Mark:

I have uploaded the documents that I received for the site. I just went to SEMS and it shows a list of the last items I uploaded.

I uploaded more than six document but I can't find a way to show them. You can search by title or ID to view the documents. Maybe the people at the record center can help to find all the documents I uploaded.

We still have to figure out the AR for OU1. Unless you figured it out already. If you did, let me know which is the right one.

Jesse

Subject: SEMS Problem

Hi Jesse,
Welcome back.

I'm in SEMS right now, which reminded me that you or someone on your behalf entered a number of documents, including polreps, into the system in mid-2018. But when I go to process & code them in SEMS I keep getting an error message that there are no attachments available. I think either there's a glitch in the system or the attachments (actual docs) are not available in SEMS. Either way it crashes my system every time I try to open up one of your requests to clear them out of SEMS. Any thoughts on how we can get this resolved in SEMS?

Mark
